PROMOTE OR PERISH!

There have been some proposals about discussing ways and means at the next meeting of the Chamber of Commerce to promote Elba.

That is a job which requires joint efforts of the whole community and the Chamber of Commerce is the logical medium to do the job. It is not a job which the city government, the newspaper, the radio, can do alone.

A city will either go forward or backward—it will not stand still. The city government cannot take it forward, the county government cannot take it forward, the newspaper cannot take it forward. But these agencies with the business and professional men of the community in an active Chamber of Commerce can.

One meeting of the Chamber of Commerce was given over to a discussion of Trade Days in Elba. The Elba Industrial Corp. got away to a flying start. Let's all get together to carry them or a similar promotion to completion.

The warning has already been sounded and it grows louder day by day:

Promote or perish!

Gov. Patterson Asks Legislative Action

When the State Legislature convened last week in Montgomery for its regular 1961 session, the lawmakers heard Gov. John Patterson lay down plans for a score of legislative programs — including a call for a constitutional convention in event reapportionment again fails. In a stirring 45-minute address, the governor called the present Legislature "one of the most outstanding" in State history but urged the legislators not to rest on their laurels. "We must ever

strive to improve our State and our people," the governor told them. Mr. Patterson is shown here in inset at left as he delivered his Message to a joint session of the State Senate and House of Representatives. Picture at right was made from balcony, showing press table immediately in front of rostrum with senators and representatives sitting and standing on all sides. The Legislature will be in session 36 legislative days.

YOU NEVER SAW THIS NEWSPAPER

Thrown into the gutter or a waste basket before it was read, did you? But waste baskets and gutters are constantly being filled with unopened, expensive direct advertising, sales ammunition shot into the air.

A newspaper always commands an audience with prospective customers. It is never thrown aside without first being read from "kiver to kiver". Then it is borrowed by the neighbors.

That's why intelligent, attractive newspaper advertising is accepted as the most effective form of advertising your business.

An advertisement in this paper will reach over 75 per cent of the buyers in the local trade territory. We do the mailing and pay the postage.

HIT THE BULL'S-EYE

Nitrogen is the big pay off in your fertilizer program. A good shot of Ammo-Nite during the growing season returns two or three times its cost in higher per acre yields and profits. Ammo-Nite saves money, too, because it contains twice as much actual nitrogen per pound as fertilizers having only 16% Nitrogen. Insist on AMMO-NITE with a full 33½ pounds of Nitrogen per 100 pound bag!

a child's gift

A child's gift is especially sweet. I wish that I could give this little girl something that would mean as much to her as her flowers mean to me. But I know that just now, I can't. For she won't recognize my gift until much, much later.

Then, I hope she'll look back on her memories of me and say, "The first time I ever went to church, I went with my Grandma. You know, I don't think she ever missed a Sunday at church in her life..."

Though I have missed a Sunday now and then when I was sick, or had to stay home with my young ones, I never have missed going to church if there were a way to get there. And this habit—a wonderful habit—is something that I've passed along to my son, and that I've seen him pass along to his daughter.

This is a priceless heritage. For having a regular place for the Church in one's life, from childhood on, gives one a faith that endures forever.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Please go to church regularly and read your Bible daily.
